Volunteer Spotlight – Kristy Richardson
Most of you know Kristy Richardson, our organization Secretary, and the daughter of one of our founding members, Garth Harris. She has worked many years at the booths and our events, always with a happy face and a quick word to keep things interesting. Kristy also finds time to go hunting and raise her girls. She recently set up our Adaptive Sportsmen Facebook page. Take a look at the page and tell us what you think. The next time you see her, give her a smile and a big Thank You for the hard work.

2012 Clintonville Deer Hunt

The Adaptive Sportsmen 2012 Clintonville Area Bow hunt was held October 16-19. The harvest drought continues for another year but not for lack of trying. A small buck walked less than ten yards away from a hunter in a ground blind but he had previously used his buck tag. Everyone that hunted more than one time saw deer. Kaley who was perhaps getting the “I have hunted several times and have not seen a deer” old routine was startled when several does just yards behind her ground blind snorted loudly. She and her Mom, Brenda had a good chuckle over that one.

The next night they saw several doe and a buck but out of bow range. That night inadvertently walked upon a skunk thinking it was a dirt clump in a field. Lucky for me. Two weeks before the hunt, Mark (one of our hunters) and I visited several farms that neighbor the land we currently hunt. We introduced ourselves and the Adaptive Sportsmen’s upcoming hunt dates. We were treated friendly and given permission to track a deer onto their land if necessary. One farmer, Everett Roe stopped by during the hunt and offered a few of his stands to our hunters. Within minutes they were in vehicles to check out this private land and hunted there that evening. For years we had friendly neighbors but never made the time to make a contact. I think it is worth making a face to face contact as the people may remember you better.

Ray Berendt and his son Austin as part of the Boy Scouts of America bailed several stands for us in advance. Karl Keller is the easy going caretaker who is always willing to help accommodate us. People like Karl, Ray, Austin and Everett are the “behind the scenes” helpers that make this hunt a success. Private land will continue to be pursued as it not only gives our hunters a different view but creates relationships that may not otherwise exist. Larry and Linda Drake stopped by for a visit on Saturday evening. Larry would still be running the hunt if health problems in 2011 wouldn’t have slowed him down.

Hunters and helpers keep working together to keep the Clintonville hunt going and growing. The help cooking from Mary Mitchell and the organizing of Steve Prieve keep this event on the calendar. Who knows maybe next year someone may even shoot a deer next year. It could be you.

2012 Babaroo Deer/Turkey Hunt

The 2012 deer hunt at Badger Army Ammunition Plant saw seven deer come to the meat pole. Hunters were able to use archery equipment from Friday to Sunday or shotguns on Saturday and Sunday. Alvin Schultz, one of our new members and a Marine, was the first to score with his crossbow to fill a doe tag. Mike Kratchoville,(above) another new member, used his crossbow to take the only buck, which was an eight pointer.

Deb Rebernik, who was well practiced from his time at the Shooting Picnic, harvested three does and a turkey, while Ron Pulcine, another new member, took two does. Many other stands were seen by the hunters as well as turkeys and coyotes. The names of the hunters that missed their mark have not been recorded to avoid any embarrassment, and we hope to see you at the 2013 Shooting Picnic! In Memory

We owe many thanks to the volunteer guides that helped us in the field and to the volunteers on the cook crew that kept us well fed. A heart-felt thanks also goes to our local sponsors Sysco Foods, Kwik Trip and Wilderness Fish and Game for providing food and supplies.

Walter Joust poses with the nice buck he shot with his crossbow in October

Trilber Juesen traveled out west to take this nice mule deer and antelope

In Memory

Mike Bishop attended our Shooting Picnic at Schultz’s Shooting Center to prepare for the upcoming hunting season. He was not able to hunt, he passed away 11/16/12 and he will be missed.
